L63, Sun visor-mounted spotlight, left-hand side

L63, Sun visor-mounted spotlight, left-hand side

The circuit controls the left-hand sun visor-mounted spotlight. The circuit is activated via the CUV control unit by the spotlight switch (S21) which is located in the lighting module (S140). An extra connection for spotlights is available on connector C489, pin 5.

Maximum load on the control unit output is 12 A. On control unit versions with assembly part number 2025647, 2025648, 2025649, 2025650, 2025651, 2025652, 2025653, the maximum load is limited to 6 A.

Sun visor-mounted spotlight

Indicates that the control unit output is activated.
