T 81, Evaporator temperature sensor, version 1

1422594

Resistance values for the evaporator temperature sensor. Specified values should be seen as being guidelines and not fixed values. The control unit tolerates some deviations.

- At -20°C: around 97.1 kohms
- At -10°C: around 55.3 kohms
- At 0°C: around 32.6 kohms
- At 10°C: around 19.9 kohms
- At 20°C: around 12.5 kohms
- At 30°C: around 8.6 kohms
- At 40°C: around 5.3 kohms
- At 50°C: around 3.6 kohms
- At 60°C: around 2.5 kohms

T 81, Evaporator temperature sensor, version 1
